Our Coffee

Aroma Morning Blend

Feeling Rushed? Our Aroma Morning Blend is for you and is comprised of three of our favorite coffees from Central America, Asia, and Africa. We have created the perfect coffee, with good body and acidity. It is truly a good cup from beginning to end.

Guatemalan Antigua – Dark Roasted

This coffee has what is described as spicy or smoky tastes with nutty aroma. Guatemalan, at its best, is the most complex and the most compelling of the coffees from the Americas. The unusual flavor enhances the medium body and rich coffee.

Colombian Excelso

Our Colombian Excelso is a wonderfully well-balanced coffee with great body and acidity. It has a fruity, floral finish with a hint of spiciness that you can enjoy throughout your day.

Jamaican-Me-Crazy

This is one of the most requested flavors. It combines the smooth tastes of Creamy Caramel, Buttery Vanilla and a Chocolatey hint of Kahlua... Yum!

Cinnamon Nut Swirl

A very sweet cinnamon vanilla

French Vanilla

Vanilla made the French way with a dash of spice in a caramelized background

Hazelnut Creme

The classic hazelnut with a touch of creme

Caramel Crunch

Creamy Caramel with vanilla background

Jamaican-Me-Crazy DECAF

Same as it's Caffeinated counter-part only in Decaf form.

Breakfast Blend DECAF

We have combined the finest coffees from Central and South America to create a coffee that exhibits a natural nuttiness, a smooth body and a creamy flavor. Mornings or evenings, it is unforgettable!
